

WESTGARD SAYS \$10,000 ROAD IS A DISGRACE

Special Agent of Good Roads
Bureau Calls North Fourth
Street Highway a Shame
and An Outrage.

That the North Fourth street road out from this city, upon which the county commissioners and the territory expended \$10,000, was a disgrace and an outrage, was the statement made today by A. L. Westgard, official pilot of the American Automobile association, who is here with the Hammond-Whitcomb caravan. Mr. Westgard said that it was useless and foolish to spend any more than \$500 a mile for a road as good as the one which was built, in fact, he stated that a better highway could be built for that amount per mile, when gravel was so near as it is to the present surroundings. Mr. Westgard is a special agent of the bureau of good roads at Washington.

"I will take a contract to build all the road between here and Algoma," he said, "for \$500 a mile, and I will make money on it, too, and honestly at that. There is absolutely no excuse for spending that sum upon a stretch of road at most no more than four miles long."

"Yesterday when I was marooned upon an island automobile in the middle of a lake, I saw Colonel McMillen up the bank, sitting in his car. I called across to him, 'Colonel,' what has become of that \$10,000?" He answered, 'Spent in the usual New Mexican way.' Now, what became of it?"

"It is not my policy or custom to interfere in local matters, but that road is a disgrace, an outrage. You can say anything you please about it, and it will all be true. You may quote me as strongly as you please, for that road is certainly a shame."

Mr. Westgard said that he believed a little benefit might be had in regard to the road would result beneficially. He stated that he expected next year to pilot another caravan through here, probably three times as large as the present one.

NATIONAL HIGHWAY PLANNED.

Mr. Westgard said today that it was his idea that people who passed through here on these trips and found that improvements were being made would bring more and more people over this route, and that finally, when it had been sufficiently improved, this would become the most traveled coast to coast automobile route. "When this becomes the case," he said, "we will be able to get congress to help us build a national highway, and because this is the main traveled road, this will be the route improved. Just see what that will do for Albuquerque."

Look at Your Tax Receipt Before You Vote Tomorrow

The Albuquerque Journal-Democrat has gone through the present campaign without placing before the people of this community a single argument against the election of any candidate upon the Republican ticket.

It has not even undertaken to defend its own set of incompetent office holders. It has not undertaken a word of defense of the incompetent sheriff of this county—the man who has taken thousands of dollars out of the pockets of the voters for the feeding of prisoners, for outrageously increased fees, for the salaries of innumerable deputies employed for political purposes and for perpetuating the Hammert-Gillenwater machine.

Not a word of explanation has been given to you concerning the astonishing mismanagement of the financial affairs of this country by the Journal-Democrat's perpetual candidates, Grunfeld and Springer.

The Journal-Democrat and the office holders' ring have employed just one argument in this campaign. They have shrieked to the voices of Albuquerque and this county that the Republican ticket, composed of the strongest, cleanest set of candidates ever offered to the people here, is "a Hubbell ticket."

Mr. Hubbell is not a candidate in this campaign. Not a man that has any business connection with him, in any form, is a candidate.

The Journal-Democrat has been forced to use "the Hubbell Ticket" cry because it has had no other argument.

One other thing the Journal-Democrat does. In the last issue before the election it deliberately lies about the tax rate you are paying in this county.

The records show that the present board of county commissioners raised your tax rate more than 20 cents upon the \$100 of valuation in 1910 and that in 1911 a further increase was made.

The journal deliberately lies about this tax rate. It declares that the 1911 tax rate is 23.08 mills.

The fact is as the records show and as your own tax receipt will show that this rate is 26.48 mills, or \$2.68 on the \$100 of valuation.

The fact is, as the records show and as your tax receipts will show, that in spite of large increases in assessed valuation of property we are being forced by the office-holders ring to pay the highest tax rate in our history.

The journal refrained from saying a word about the tax rate and the financial management of this county under the office-holders' ring until the last issue before the election, hoping thereby to deceive some voters.

But this is a matter about which a lie cannot be told with any hope of success even on the last day of a campaign because each of you have your tax receipts—You people who are property owners.

Don't you think we have had about enough of official incompetence and graft?

The candidates on the Republican ticket for county offices in tomorrow's election are clean, able, competent business men. They will administer the affairs of this county honestly, successfully, economically.

Before you vote tomorrow look at your tax receipt. Study the record made here by the office-holders' ring and see if you do not believe we are in need of a change.

OVERWHELMING VICTORY ASSURED

Advices from Bernalillo county today are that Bumrus will carry the county by between 500 and 600 votes against the county Republican ticket.

McMILLIN, the county Republican ticket will be elected to a man, despite a bitter fight against Thos. McMillin candidate for sheriff. McMillin will carry Albuquerque precincts with a good majority and will more than break even in the country precincts, where a race issue is being used against him.

Torrance county, where the Progressives pinned their faith, and where H. Van Stone resides, will give Bumrus a majority of 300 votes according to reports today. Van Stone will not carry the precinct in which he lives.

The old time solid Republican counties all report that they will give majorities for the state ticket bigger than ever before, while in the solid Democratic counties and especially the Pecos valley, the Democratic ranks are being badly shattered by factional rows and by the ill feeling which resulted from the primaries in some of the eastern counties, where Democratic factions accuse each other of tampering with the ballot boxes. The general situation today looks more favorable for a sweeping victory for the entire Republican ticket than at any time and it has never looked disengaging at any stage of the campaign.

The blank of the Democratic bosses that "we can lick Bumrus" is not heard now. They know that McDonald and their entire state ticket is doomed to certain defeat and the

He will make an able, conscientious, upright judge, and will be an ornament to the bench as he has been to the bar.

The Record of Jesus Romero Will You Give It Your Approval?

A candidate on the reform ticket, he signed and published this pledge: "I will do all in my power to secure a reduction of the exorbitant fees in the county offices."

He was elected on the people's faith in the pledge.

The journal's report from Santa Fe, February 18, 1909, when the last legislature met, shows him there and elected a leader of the sheriff's lobby to raise fees. The same report shows that the legislature refused most of the demands of the lobby, but granted some. One of the raises was from 50¢ to 75¢ per day for board-ing prisoners. The actual cost is less than 25¢. We have shown you from the public records that that raise cost Bernalillo county and put in Romero's pocket \$5,732.66. Another raise was REQUIRED—the sheriff to attend sessions of the county commissioner, probate court and justices' court and be paid per day, pure graft—that cost you and paid Romero \$2,000.00.

Another raise was in court fees. That enabled Romero to take from the court fund, an additional \$5,292.00.

Total legalized steal, \$12,023.66.

As a result there was no court last spring because of no money to hold one.

He is now bragging that he will spend this money thus stolen from you to buy his re-election.

If you believe election pledges should be kept; if you believe public officers should be honest; if you expect to hold any man now new to honesty in office, then VOTE AGAINST JESUS ROMERO.

San Francisco, Cal., Nov. 6.—Ishi, the aborigine, is in search of a wife—white preferred. Yesterday he announced to his interpreters his intention to become a husband.
